REAL. PROVEN. RESULTS.
PERFECTION

Your Needs + Your Goals = Our MISSION

Pat Angus, President & Joe Lundvick, COO

Perfection Machinery has been buying and selling used assets around the world since 1963. Over the years we have steadily increased our services and made it our mission to help our customers meet and exceed their used asset goals.

As we near our 50th anniversary, we recognize more than ever that business conditions and our customers' needs are constantly changing. At Perfection, we believe our clients deserve tailored and flexible solutions based on their changing needs, constraints and goals. For that reason, we have structured Perfection's operations into three distinct, but interwoven business units:

- Perfection Machinery Sales
- Perfection Industrial Sales
- Perfection Investment Recovery

Pulling from the strengths of each of these business units, we are able to create tailored, flexible and proven solutions for projects big and small—from purchasing a few surplus assets from a 2-man job shop, all the way to liquidating an entire division of a Fortune 100 manufacturer.

At Perfection, we strive to not only deliver the industry's best results, but to do so while keeping the client fully informed and comfortable throughout the transaction process. It does not matter if you are the 2-man job shop or the Fortune 100 manufacturer, you will know exactly what we can and can't do for you.

Perfection welcomes the opportunity to review your specific requirements and goals. We will provide a detailed, flexible, results-driven solution as we have successfully done for thousands of our clients.

Our goal is to earn your business now and in the future. Thank you for the opportunity.

Perfection Investment Recovery

Maximize return on your company's assets with unique, proactive programs from Perfection Investment Recovery

Maximize Your Bottom Line

Perfection's customized Investment Recovery Programs offer you unique, proactive approaches to maximizing return on your company's surplus, idle, or soon to be idle assets.

We use our 48+ years of experience to expertly market your assets to a worldwide audience. By combining knowledgeable staff with hyper-aggressive marketing, we are able to find end-users who are willing to pay top dollar for your assets.

Depending on your company's structure, we can work as an extension of your existing investment recovery team or work as your sole investment recovery solution. In both cases, Perfection helps ease the burden of surplus and idle assets on your company's valuable resources.

- 100% Commission Based Structure—If we do not sell the asset you pay nothing
- Easy, No Hassle Process—We are available to catalog the asset, prepare specifications, take photos and can manage the entire process start to finish
- Global Reach—We successfully market equipment worldwide using an unmatched database and the best media tools
- Proactive Marketing—When possible, we market assets while still in production to maximize return on investment
- Sarbanes-Oxley Compliance—We work within your accounting procedures and regulations

Give us a chance to prove our Investment Recovery strength and improve your bottom line. We are confident that you will join the many satisfied customers we currently serve, which include small and medium job shops all the way up to Fortune 100 manufacturers.

TURN YOUR SURPLUS OR IDLE ASSETS INTO CASH QUICKLY!

PROVEN SATISFACTION

Perfection strives to deliver the industry's best results and complete client satisfaction

Perfection aims to be your company's ultimate used asset resource. You can depend on our array of services, exceptional customer service and the world's largest inventory of used metal-working machinery to meet most every need. Perfection strives to deliver the industry's best results and complete client satisfaction. We value client feedback and are honored to share a few of the many positive words we receive.

"We had a broad selection of manufacturing assets, some very specialized and of high value, which required an aggressive liquidation and auction approach. We started the project hoping to be able to vacate the facility in roughly 14 months. Perfection implemented a sales program that maximized our sales value and completed the project earlier than originally planned allowing us to vacate the facility 6 months early. We would highly recommend the Perfection team to any company looking to sell their machines or complete facility."

**Carl B.
Controller**

"The end of another great year for our surplus program. This year would have not have been the success it has been without the above-and-beyond efforts of the Perfection team. I thank you and look forward to our continued success."

**David H.
Corporate Surplus Administrator**

"Perfection Machinery has been a great partner to work with in the disposition of our surplus machinery. The exceptional communication, coordination and planning by Perfection resulted in the very satisfactory completion of a \$1.35M project. We were very pleased with their professionalism, dedication and commitment to excellence."

**Randall H.
Heavy Construction Manager**

"Working with Perfection helped our project immensely. They are prompt, share ideas and take suggestions. In the end, they do what they say they will, on time, and with a greater return than expected. We were happy with the outcome and are happy to have them as corporate partners."

**Warren E.
Manufacturing Engineer**
