

Built on Commitment

Quote No. 9942

Date: October 29, 2010

Project: TELECT Auction

Salesman: Dale Clark

Attn: Bidders

SCOPE OF WORK:

MEI will provide manpower and equipment to package and load equipment on attached spreadsheet for shipment out. If needed, separate pricing has also been included to load equipment onto MEI trucks and transport to MEI Warehouse for temporary storage. Per your email, charges for each piece is separate and MEI will dictate the removal schedule.

It is understood that TELECT (or others) will be responsible for removal of any fluids from equipment.

Note: Any work performed after 4:00 p.m. is subject to overtime charges.

Terms: Payment is due prior to release of equipment. Credit card, cash or verified funds accepted. Credit payments are subject to a 3% surcharge.

Built on Commitment

CONTINGENCIES:

1. Customer will provide onsite representative for duration of project.
2. Customer will ensure that dedicated service of at least one dock or adequate access space is provided throughout the duration of the project.
3. Wait time or delays caused by other contractors, schedule changes or deviations from original scope of work will require a signed and approved change order by company representative. Any work undertaken and not explicitly included in this quote shall be liable to incur additional charges.
4. If applicable, customer shall provide floor plans and implement marking system for the areas at move origin and destination.
5. All equipment must be disconnected and ready to move prior to MEI arrival, electrical and plumbing connections are excluded from this quote.
6. This quote assumes that all hydraulic fluids and coolants are drained prior to the commencement of work and any decontamination requirements will be the responsibility of customer or 3rd party contractor.
7. Quote is based on work performed Monday-Friday during normal operating hours. Work performed after hours or on weekends or holidays will be subject to overtime rates.
8. Reasonable costs associated with the rescheduling of work to customer instructions or due to adverse weather conditions or delays beyond our control will be at time and material rates.
9. No pricing has been included for the opening up of doorways or access routes.
10. This quote is based on the work being carried out on ground of good, hard standing, readily accessible for our equipment and vehicles. This includes concrete driveways, facility flooring and all access areas. Shoring of any flooring is not included in this quote.
11. We have assumed that all subterranean basements, passageways, ducts, gulleys, drains, etc. have been pointed out to MEI personnel prior to commencement of any work so that suitable precautions may be taken, and the costs of same allowed for in our quote. This includes areas that may require plating or bracing.
12. Any damages to property, or equipment must be reported to MEI project manager immediately so that appropriate action can be taken.
